TRIALOGUE

re MODEL UN

## Artificial Intelligence for the Model United Nations
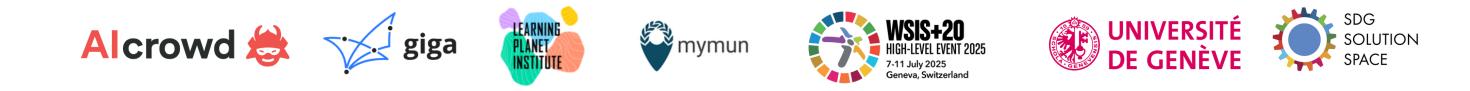

Happening on the Youth Day of the
**World Summit on the Information Society
(WSIS+20 High-Level Event 2025)**

**Date**
Monday, 7 July 2025

**Time**
8:00-21:00

**Venues**
Giga Connectivity Center (morning); SDG Solution Space (lunch); Palexpo (afternoon).
Geneva, Switzerland

## About ReModelUN Trialogue

ReModelUN Trialogue (previously Geneva Trialogue) is a **one-day event held in Geneva with and for the Model United Nations (MUN)**, an international network of over 1M high school and university students who organize UN-style negotiations every year. This is a youth community that is passionate about achieving peace through multilateral dialogue and progress through international cooperation.

ReModelUN Trialogue is **a place to discuss and develop the future of MUN**, involving three key stakeholders: youth who are active in MUNs; representatives of International Organisations and their Member States; Experts from Academia and the Private Sector. Hence the concept of a Trialogue, a format that is different from MUN conferences.

As in last year's successful edition held at ITU, pictured right, the focus is on **leveraging responsible artificial intelligence** (AI) to improve the experience and outcomes of MUN conferences and to assist UN agencies seeking youth feedback, with the ambitious goal of enabling youth to inspire UN negotiations.

ReModelUN Trialogue is organized during the International Telecommunications Union (ITU) World Summit on the Information Society **WSIS+20 High Level Event**, which takes place 7-11 July, during the same week as ITU's flagship event on Artificial Intelligence, the **AI for Good Summit**. The academic partners include University of Geneva **SDG Solution Space,** and the Paris-based **Learning Planet Institute**. The private sector partners include **AICrowd** and **mymun**. UN agencies involved include **ITU** and **UNICEF**.

The ReModelUN Trialogue takes place on the Youth Day of the WSIS+20 High-Level Event, a full day dedicated to **empowering youth voices**, fostering intergenerational collaboration, and leveraging the potential of ICTs for sustainable development.

### Trialogue Discussion Themes 2025

1. Youth and WSIS Beyond 2025: Envisioning the Information Society's Future through MUN Events
2. Querying UN Archives to Enhance the Quality of MUN Debates
3. Connecting the MUN Community to its Alumni through Social Media
4. Improving Hybrid & Online MUN Events with Advances in Information Technology
5. Linking the MUN Youth Community with Experiential Learning Opportunities like the SDG Olympiad and MOODs
6. Exploring the MUN Community's Vision for the Future of Artificial Intelligence in Education
7. Using Open Data from the United Nations and National Statistical Offices to Enhance MUN Debates
8. Reinforcing Purpose-Driven Dialogue between MUN and UN Agencies

# Application

This is a **invitation-only event l**imited to 50 participants as part of the Youth Day for the ITU WSIS+20 High Level Event, bringing together youth and experts from around the world to explore how  AI can enhance learning and impact for young people in Model United Nations (MUN) conferences. Applications to participate in the event should be submitted via the myMUN website using the QR Code displayed here. Successful applicants will receive an official invitation at least two weeks prior to the event. Participation is free but travel and accommodation costs are not covered.

## Date and Time: 7 July 2025, 8:00-21:00

## Programme

**MORNING:** The Giga Connectivity Center, Campus Biotech, an innovation space run by ITU and UNICEF for Giga, a project to connect every school to the Internet.
**8:00-9:00** Coffee, Croissants and Introductions
**9:00-11:30** Ideation Session (8 Parallel Ideation Themes)
**11:30-12:00** Pitch Ideation Results
**12:00-13:00** Panel Discussion on "Re-Engineering Diplomacy in a Time of Crisis: the Role of Youth" with Special Guest Speaker Micheline Calmy-Rey, former President of the Swiss Confederation and State Councilor for Foreign Affairs.

**LUNCH:** The SDG Solution Space, Campus Biotech Innovation Park, a student innovation space managed by the University of Geneva.
**13:00-14:00** Lunch and tour of the SDG Ecosystem. Option to continue ideation at the SDG Solution Space during the afternoon.
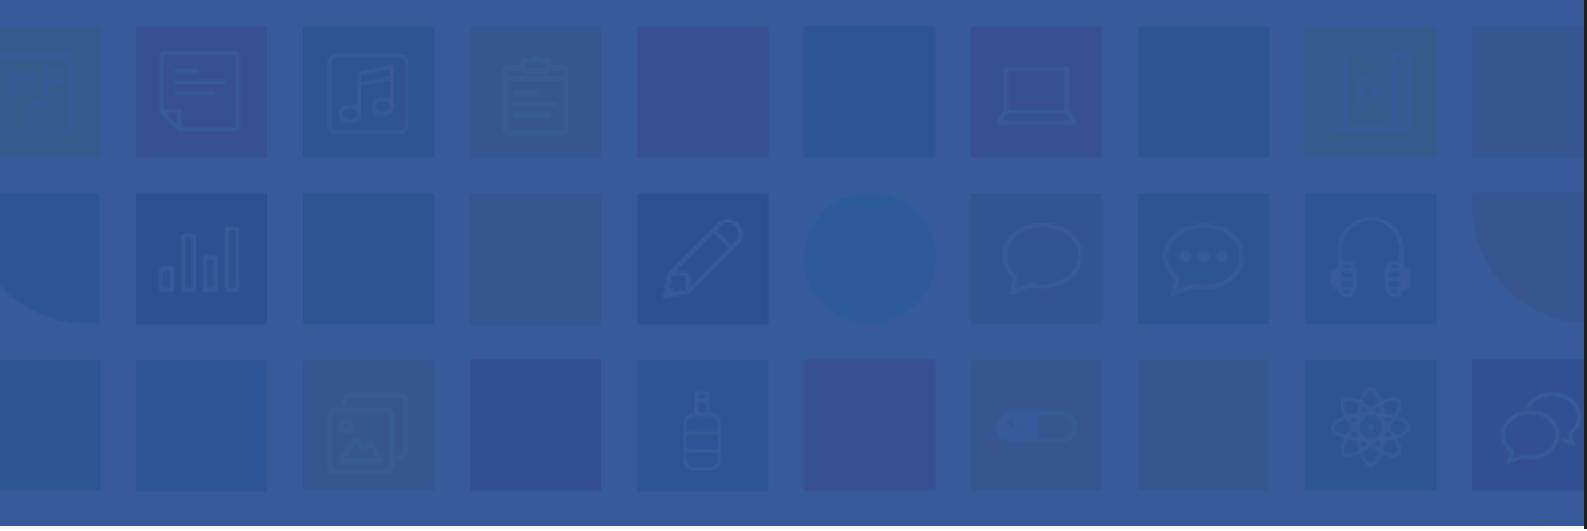

**AFTERNOON:** The WSIS+20 Youth Forum at Palexpo, an event organized by ITU at Geneva's premier conference center.
**14:00-15:00** High-Level Dialogue: Youth Track (Room C, Palexpo)
**15:00-15:45** Intergenerational Dialogue on Technology for Innovation and Global Resilience: Strategies for Ethical AI, Digital Inclusion, and Climate Action (Convenor: IEEE, Room F, Palexpo)
**16:00-16:45** Promoting Education and Youth Development through Information Technology (Convenor: ICDC/CSEDS, Room F, Palexpo)
**17:00-17:45** Youth contributing to digital and outcomes of the special track (Room L, Palexpo)
**19:00-21:00** Youth Party
